Contents

6 Resource Directory
Contact information for industry associations and organizations, government agencies, accrediting bodies, consultants, education and training, and travel resources.

13 Company Profiles
Medical equipment manufacturers listed by product and brand names.

23 Products & Services Index
Easy-to-search page number directory for our Products & Services listings.

24 Products & Services
Manufacturers and vendors of home medical products and services listed by product type.

58 Alphabetical Company Listings
Contact information for manufacturers of HME products, service providers, member service organizations, consultants and vendors.

74 Advertiser Index/Calendar
A listing of all the Buyer’s Guide sponsors and where to find their advertisements, as well as upcoming industry events.
McKesson Clinical Connection℠ is designed with your customer in mind.

Customer service isn’t just about answering your phone - it’s about supporting the needs of your customers. With McKesson Clinical Connection℠, you get access to clinical consultations and product training to help better serve your customers. We can also help identify products that complement your core offering to support better patient outcomes and growth opportunities for your business. More ways for you and your customers to get the support they need - that’s music to your ears.

Get more. Do more.

Accreditation Commission for Health Care

Accreditation Commission for Health Care (ACHC) is a nationally-recognized accreditation organization synonymous with providing the very best in customer service, integrity, and value. With a collaborative approach to accreditation, ACHC offers an experience designed to help providers enhance the quality of patient care while improving business efficiencies. Providers benefit from a dedicated Account Advisor to guide them through the entire accreditation process as well as Surveyors who are highly experienced in the DMEPOS industry. ACHC has CMS deeming authority for Home Health, Hospice, and DMEPOS, and a Quality Management System that is certified to ISO 9001:2008.

Bell-Horn

Bell-Horn has been supplying first-class retail orthopedic bracing and supports since 1842. Staying at the forefront of the orthopedics industry for over 170 years requires more than just manufacturing the highest quality orthopedic braces and supports, it further requires a longstanding tradition of exceptional personal service and a steadfast commitment to product innovation. Bell-Horn offers a complete line of retail packaged orthopedic braces and supports to independent pharmacies and home healthcare (HHC) dealers. To learn more, visit www.bell-horn.com.
Blue Chip Medical Products

Blue Chip Medical Products is a “proud to be Made in America” manufacturer of a full line of therapeutic support surfaces: pressure redistribution mattresses, mattress overlays, seating and positioning products, hospital and institutional products and more. Our focus has always been to develop high quality, clinically effective products at a cost-effective price point whereby enhancing comfort, safety and quality of life.

Blue Chip Medical Products corporate headquarters and manufacturing is housed in a 65,000 square foot facility located in Suffern, New York. We have complete product development and manufacturing capabilities including, RF and sonic welding, sewing, cutting and more, with a tremendous inventory of finished products for immediate shipment.

The Blue Chip team has years of experience in development and manufacturing, sales and marketing and clinical care. All of our products are sold through dealers and distributors in the United States and Canada and throughout the world.

Let’s Build a Better HME

Brightree is the leading provider of cloud-based billing, business management and clinical software for the post-acute care industry. The Company serves more than 3,000 organizations, and our solutions and outsourced services enable home medical equipment (HME/DME) providers, hospice organizations and home health agencies to improve how they manage their operations, serve patients, and protect reimbursements.

With the most comprehensive solution and ecosystem in the industry, you have everything you need to efficiently run your business, improve profitability and automate every aspect of your business operation. Brightree provides a single platform for building operational, financial and clinical excellence, a team of specialists committed to your success, and technology to help providers, payers and patients smoothly exchange data, documents and transactions to improve business performance and patient outcomes.
Chart Industries’ CAIRE Inc. is the global oxygen market leader of AirSep and SeQual portable oxygen concentrators, AirSep and CAIRE stationary oxygen concentrators and CAIRE liquid oxygen systems. CAIRE’s portable oxygen concentrators allow patients in any disease state continuum to stay active with continuous flow and pulse options. The wide selection of stationary concentrators suits all at-home and health-care settings. CAIRE offers robust, reliable LOX portables and reservoir units ranging from the 3.6 lbs HELiOSTM portable to the 60 L Liberator reservoir.

In the home medical equipment marketplace, we understand that every dollar is precious. We also understand that when you have an ally that gives you more, you can do more with your business—and get more return on your investment. At McKesson Medical-Surgical, we offer more products, business management tools, distribution services and support than other medical supply distributors. We work with you to help you reduce costs and save time, so that you can focus more on managing your business and providing the best possible service to your customers. Because when you get more from your distributor, you can get more from your business.

medi USA

medi. I feel better. medi is committed to helping people all around the world live a more independent, productive and satisfying life while managing circulatory, lymphatic and ambulatory issues. medi takes its position as a global leader in compression therapy seriously with the medi, mediven and circaid brands, as well as bringing compression to specialized markets through the CEP performance brand and the ITEM m6 fashion line. medi also extends its specialties to orthopedics and prosthetics including igli foot orthotics. medi continually invests in research, education and innovation to provide the latest technologies which enable our patients to not only manage their challenges, but to enjoy life to its fullest.
Mediware Information Systems

Mediware is a leading provider of specialized healthcare solutions since 1980. With over four decades of experience developing and delivering innovative software solutions, we stand by offering cutting edge technology with high quality service and support. We serve the acute and post-acute markets, and specialize in home care software solutions within the HME/DME, Home Infusion, Specialty Pharmacy, and Home Health Agency markets. Mediware’s homecare software solutions are comprised of: CareTend, CPR+, Fastrack, Homecare360, Caretinuum, and Mestamed. Mediware’s complete portfolio of solutions currently includes: blood solutions, cellular therapy, home care, medication management, rehabilitation, and respiratory therapy. For more information about Mediware products and services, visit www.mediware.com/bg15, or call: 888.Mediware.

Motivo Reinvents Walkers With The Tour

Inspired by the needs of their own family members, Motivo was founded on the premise that products should be designed for people’s lives, not just their conditions. Motivo reinvents the walker with the Tour to provide greater independence, ergonomics and personal style. The innovative design allows users to walk inside and upright improving posture, reducing fatigue and providing greater stability. The patent-pending Tour features a revolutionary stow-away padded seat, a folding tray with multiple cup holders and an accessible storage compartment that does not need to be emptied when the Tour is folded for transport. Plus, users can make it their own with a range of color options and removable graphic sets, including licensed graphics from the NFL, MLB and NCAA. The Motivo Tour comes with a limited lifetime warranty and is made in the USA. Join the Motivo team today and become a dealer.
See the Nonin Pulse Oximetry and Noble House

In 1989, Noble House created Noble*Direct software, with two goals in mind: to design a software with functional, operational and analytical capabilities, as well as to being known as the best, top notch technical support team in the industry. Noble House has achieved both!

Noble*Direct is a fully functional billing and claims management windows software. Our software helps DME/HME companies manage their business by providing detailed reports for performance analysis and creating strategies for future growth and expansion.

Our solutions include:
- Billing Claims Management
- Patient Intake
- Inventory Control
- Patient Scheduling
- Document Imagine
- Reports Analysis
- Competitive Bidding Software
- Online Patient Eligibility
- And More!

See the Nonin Pulse Oximetry and Capnography Performance Difference

Nonin Medical invented fingertip pulse oximetry and is a U.S. medical monitoring company with global distribution. Nonin offers a complete line of noninvasive solutions for homecare respiratory monitoring that provide clinically proven accuracy in the most challenging patients and conditions including:
- Fingertip, handheld, tabletop and wrist-worn pulse oximeters that are American made, environmentally safe and free of hazardous materials
- Comfortable sensors in reusable and disposable varieties for neonates to adults
- Capnography systems that deliver consistent, accurate readings

Learn more about pulse oximetry performance differences, and download your free DME Pulse Oximetry Report at nonin.com/homecare today.
End-to-end solutions for homecare providers

For more than three decades, Philips Respironics has been a leading global provider of innovative solutions for the sleep and respiratory markets. Today that leadership is proven by The ANSWER, which provides end-to-end solutions throughout the patient journey. As a global leader in the sleep and respiratory markets, we’re passionate about providing solutions like The ANSWER that lead to healthier patients, practices, and businesses. For us, innovation in sleep apnea management, oxygen therapy, noninvasive ventilation, and respiratory drug delivery is driven by gaining insight into the needs of our customers.

From awareness and diagnosis to long-term success, our innovations are designed to enable the best possible outcomes: greater patient adherence and care team success. We will continue to work with you to help simplify patient setup, create efficiency and reduce the cost of care. At a time when caregivers, patients and providers truly need solutions like The ANSWER that are designed for today’s challenges, you can count on Philips Respironics.

PikStik

PikStik manufactures and distributes high quality, patented reachers worldwide. These reachers help you retrieve or put away items safely without undue stretching, bending or straining. Durable, safe, lightweight, ergonomic designs make these the ideal reachers for any purpose. From the living room, bathroom and kitchen, to outdoor use in ponds, pools, gutters and gardens, our sleek contours are made for all those hard to reach places. These universal tools allow you to grab and move in one easy motion, protecting the body from touching the object. So not only are they hygienic, they also reduce or even eliminate discomfort or wrist injury.

To learn more about PikStiks, please visit www.pikstik.com.
Prairie View Industries, Inc. (PVI) has been breaking down barriers since 1991, making all areas more accessible than ever before. PVI is dedicated to helping wheelchair and scooter users lead more active, productive and happier lives. This goal has driven us to continually improve designs for better adaptability, and to offer a complete variety of quality ramps to meet these needs.

From the portable solid, singlefold and patented multifold ramps to the semi-permanent modular ramp, we designed our products to meet the demands required for easier living in today’s fast paced world and are guaranteed to last a lifetime.

Take the worries out of HME compliance

QS/1’s SystemOne brings comprehensive HME management software for billing, documentation, compliance tools and inventory management to your HME/DME operations. Available as an online or installed solution, SystemOne simplifies Medicare documentation with its Medicare Part B Compliance Documentation tools and has completed planning and programming for ICD-10 implementation. SystemOne is fully integrated with QS/1’s Pharmacy Management System, Point-of-Sale and Interactive Voice Response (IVR).
The Compliance Team

New start-ups as well as established DMEPOS providers who transition to The Compliance Team’s Exemplary Provider accreditation find that our Medicare approved program is structured around their everyday business operations, easy to implement and cost effective; containing many helpful value-added features.

One-on-one expert-led orientation teleconferences and webinars using our plain language product-line and service specific, Safety-Honesty-Caring, quality standards as a guide get things started. Participants are also granted the rights to use over 200 accreditation-related document templates including self-assessment checklists as well as policies and procedures. Also included at no extra cost is access to our HIPAA-compliant Patient Quality Measurement (PQM) satisfaction reporting and benchmarking web portal—the industry’s oldest and largest national database of its kind.

Given all this, it’s no wonder that The Compliance Team’s Medicare approved program is considered the DMEPOS industry’s best accreditation value.

Universal Software Solutions

HDMS is a complete practice management system providing all the necessary operational functionality required for home health care providers. The HDMS solution can be configured in several different modes. Premise based, hosted, or in a SaaS (Software as a Service) model. Estimates and the customer service intake processes start the patient care process using a strong built in workflow engine through the entire delivery and billing cycle. Optional integrations from HDMS Mobile allow for real-time connectivity with smart devices directly into the HDMS database and application for employees on the go that need immediate and accurate information as it changes. Billing and accounts receivable, including compliance and auditing are all part of the basic package. HDMS is not limited to just HME providers, it also has the functionality required for pharmacy, home infusion, hospice and home health nursing providers. A common patient database for these configurations removes the concern of any duplicated information and keeps related information together as one patient record.

Visit us at: www.klcflexmate.com
There’s no need to get bummed out when you are asked to prove your quality claims.

In today’s “show me” world, third-party payers, referral sources, prospective patients and their families want to see proof that your organization’s quality is as good as you claim. The Compliance Team’s Patient Quality Measurement (PQM) Service gives you the tools to show them how good you really are.

Secure and simple to use, The Compliance Team’s web-based service is the DMEPOS industry’s oldest and largest database of its kind. Going back to 1998, we have now collected, aggregated, up-loaded and benchmarked over 1.35 million patient satisfaction surveys — that’s nearly 9 million data points and counting.

As a subscriber, you’ll have the ability to compare your patient satisfaction results in specific equipment and supply categories to other providers throughout the USA, Puerto Rico and the US Virgin Islands. In addition to generating industry-wide reports on a macro level, multi-site organizations also find The Compliance Team’s PQM Service especially helpful in obtaining intra-company site comparisons.

The best news is that our PQM Service is now open to all DMEPOS providers whether accredited by The Compliance Team or by another Medicare approved accreditation organization. For more information about our surprisingly affordable service call us at: 215.654.9110 or go to: TheComplianceTeam.org/PQM_Service.aspx

With service-specific programs, ACHC offers an innovative accreditation experience that supports providers so they can quickly and easily achieve their accreditation needs. ACHC accreditation provides a strong foundation to:

- Enhance the quality of care through a patient-focused approach.
- Create distinction among competition by demonstrating compliance with the most stringent national regulations.
- Improve business efficiencies through a consultative survey experience.
- Drive continuous improvement with a full range of educational resources.

Visit achc.org to begin your ACHC experience.

| SeQual eQuinox        | 14.0 lbs| Pulse: 1 – 9  | Bolus Size 16 mL – 192 mL | • Transportable  
• 24/7 Capability  
• autoSAT Technology**  
• Adjustable Rise Time  
• Adjustable Sensitivity  
• Voice Module available on eQuinox |
| SeQual Eclipse        | 18.4 lbs| Cont.: 0.5 – 3.0 LPM |          |          |

*UltraSense Technology
• -0.054 to -0.1 cm H₂O sensitivity is the most sensitive trigger of any concentrator
• Prevents skipped breaths and provides maximum patient comfort

**autoSAT Technology
• Servo-controlled compressor adjusts speed based on patient’s breathing rate
• Keeps saturation levels up as activity increases and ensures fixed bolus size is always delivered with every breath

Best Non-Delivery Option for your Business

- Increase revenue with more O₂ prescription referrals
  - Best therapy solution
  - Most clinical features
  - Most user-friendly features
  - Highest quality of life for patients
- Unlimited ambulation
  - Never worry about running out of oxygen
  - No limitations on travel or time away from home

On the one hand, it may seem that comprehensive HME software is cost prohibitive. On the other, you can’t afford to go without it. There is an affordable answer. QS/1’s SystemOne software provides a comprehensive, integrated system that manages orders, documentation, claims, inventory and accounts receivable – all while helping you maintain full compliance with Medicare regulations. And within budget.

**Bring It On.** Whatever your problem, QS/1 has a solution.

To learn more about affordable and complete HME software visit [www.qs1solutions.com/complete](http://www.qs1solutions.com/complete), call 866.925.8366.
